

## INTRODUCTION

The purpose of this work is to give the reader a feeling for the events and people who are part of the one-hundred-year history of East Millinocket. It is not a complete history of the town. It does not attempt to include a complete listing of all of the hard-working people who built the community, held public offices, served on committees, taught in its schools, served its churches, played in its streets and worked at Great Northern Paper Company because that would be an impossible job. Many important contributors, unknown to the author and not listed in town records, must be paid silent recognition for making East Millinocket a decent community. We thank them all.

#### 2003 YEAR OF THE GNP BANKRUPTCY

On January 9, 2003, Great Northern Paper, Inc. filed for Chapter 11 bankruptcy after failing to reopen the East Millinocket and Millinocket mills that were closed for a 10-day shutdown on 12/27/2002. Lambert Bedard was the owner and chief executive officer (CEO) of GNP. GNP had 1,130 employees and owed at least 1000 creditors more than \$100 million. They had to keep the mills heated to protect the equipment. As of January 15, the mills were for sale. The mills remained closed throughout the winter and spring.

Deaths of former selectmen: Donis A. Rogers on February 23 and Raymond Paoletti on April 18. The war in Iraq began on March 19, 2003. The following is a partial list of some Schenck High School graduates who were in the military service during the Iraq War, although all of them did not go to Iraq: Rick Boucher '81, Christopher Libby '01, Jon Campbell '80, Michael Hamlin '01, Sean Perkins '02, Eric Austin '98, Brian Graham '02, Nicholas Crocker '02, Jeffrey Osborne '02, Joshua Smith '91, Adam Cyr '01, Nick Fleming '98, Galen Thompson '87, Bradley Hebert '02, Jessica Deloge '01, Adam Thompson '02, Jason Prosser '92, Shawn N. McMoarn, Jr. '02. Please be understanding regarding the names of those who have been omitted. We thank them all for their service and respect them for their courage and patriotism. To reduce the town budget, two main services were eliminated: town nurse and curbside rubbish pickup. We thank Cathy Duprey, R.N. for her services as town nurse for 16 years. Selectmen wanted to reduce last year's mil rate of \$23.49 which was the highest ever due to errors in figuring it and significant amounts to pay legal fees for GNP's abatement fight. In April of 2003, Great Northern Paper Company's two mills were bought out of bankruptcy by Brascan Corporation. A letter of intent between Brascan and East Millinocket was signed on April 14. Highlights: advocacy of a tax increment financing agreement (TIF) with Brascan; East Millinocket mill's assessment at no more than \$120 million for 2003; advocacy to get the state of Maine to reduce the town's state valuation; dismissal of all abatement requests and appeals; not to appeal 2002 or 2003 property tax valuations; advocacy of regional consolidation or sharing of services with surrounding towns. Brascan would pay 2002 property taxes of \$3,432,363.49. As a result, last year's mil rate of \$23.49 was reduced to below \$20.00. The mill's valuation went from \$146 million in 2002 to \$120 million in 2003. The East Millinocket mill began operations, under the name of Katahdin Paper Company, when machine No. 6 went on line on 6/8/2003 and machine No. 5 on 6/11/2003. Both machines produced newsprint because of the loss of orders due to the long shutdown from 12/27/2002. Mrs. Sandra MacArthur, superintendent of Maine School Union 113 (East Millinocket, Medway and Woodville), resigned and Mr. Keith Ober was hired as interim superintendent of schools, combining both Union 113 and Millinocket for the 2003-2004 school year, to begin on July 1, 2003. Mr. John Doe, principal of SHS resigned to accept the superintendency of SAD 25 in Sherman. We thank him for his dedicated service. Mr. Thomas Tetu, librarian, became the interim principal of SHS from 2003 to 2005. Katahdin Paper Company held the grand opening of its East Millinocket mill on 7/24/2003. Governor John Baldacci attended. With a reduced number of workers, the mill could produce about 800 tons a day. The Millinocket mill remained closed. The new company will be operated by Fraser, a subsidiary of Brascan's subsidiary Nexfor. Bernard A. Larlee (1925-2003), former postmaster of East Millinocket, died July 31, 2003. We thank him for his presence in the community. The Tri-Town Christian School for grades K-12, sponsored by the Tri-Town Baptist Church, opened on September 2, 2003. The Katahdin Vision Conference, held on September 12-20 at Stearns

High School, brought 60-80 area citizens together to plan a 50-year outlook for Millinocket, East Millinocket, Medway and Woodville. Its priorities: economic growth, municipal services and educational consolidation. School consolidation was supposed to be put to a vote by June 2004. Interim Superintendent A. Keith Ober unveiled a draft of a new school system model called "School Leadership District (SLD)" in which all towns would retain ownership of their schools on 11/11/2003. A federal judge in Bangor concluded on 12/4/2003 that Bowater, Inc. was liable for up to \$25 million in pension benefits to its 1000 eligible employees and retirees of GNP for benefits accrued. Bowater, Inc. tried to shift its responsibility to Inexcon, Inc. in 1999 when the mills were sold. This move was a violation of the Employee Retirement Income Security Act (ERISA). Madeline McMahon, age 91, organist at St. Peter's Catholic Church from 1937 to 1998, died on 12/19/2003. Her music was greatly appreciated.

'73, won his seat for a second term on 11/2/2004. Congratulations! ## HISTORY OF GREAT NORTHERN PAPER COMPANY

From Katahdin Chronicle 2003

1899-Great Northern Paper Company is formed and construction in Millinocket begins. 11/1/1900-Garret Schenck, Sr., founder of GNP, officially started up the Millinocket mill. 11/9/1900-First paper made on No. 7 machine in Millinocket. 1901-The first union at GNP is organized. April 1906-GNP begins work in East Millinocket, the area known as "Burnt Land Rips," to construct a three-machine newsprint mill. 8/6/1907-East Millinocket mill makes the first paper, using groundwood that was transported in a pipeline from Dolby. 1913-No. 4 machine was installed in East Millinocket. 1925-Death of Garret

Schenck, Jr. 1926-27-The New East Millinocket high school, named the Garret Schenck Jr. High School, held its first graduation in June 1927. 1928-The death of Garret Schenck, Sr. 1931-Dolby Dam was converted from a grinder room to a hydroelectric station. 1942-GNP's timberland holdings peak at just over 2 million acres. 1953-Two huge paper machines were installed in East Millinocket, requiring a new grinder room, steam plant and a new chemi-groundwood plant that used hardwood. The expansion cost \$38 million. Ripogenus Dam power station, GNP's fifth and largest hydropower dam, is completed at a cost of \$7 million. 10/11/1954-The new huge No. 5 machine was started in East Millinocket. 1957-50th anniversary celebration of East Millinocket and the opening of the new Schenck High School. 1963-GNP purchases its first out-of-state investment, a mill in Cedar Springs, GA. 1970-GNP merges with Nekoosa Edwards Paper Co. of Wisconsin to create Great Northern Nekoosa Corporation. The mills and timberland operations in Maine retain the GNP name as a subsidiary. GNP employment peaks at about 4,400 workers. 1972-The New No. 11 machine is installed in Millinocket, increasing efficiency with a \$50 million investment. The Clean Water Act passed. As the state cracks down on industrial pollution, GNP spends \$36 million on pollution abatement equipment to comply with new regulations. 1973-The Arab oil embargo turns energy into paper mills' top concern. GNP begins an energy conservation operation, spending \$122 million to convert oil burners to use coal and bark. 1976-GNP's new sewage treatment plant opens in East Millinocket. 1978-GNP workers strike. 1980-A bark-burning plant is constructed in East Millinocket. Tribal demands for traditional lands are resolved with the Maine Indian Claims Settlement Act, but fears over the security of large-scale land ownership remain. Great Northern Nekoosa decides to sell off most of its lumber operations, narrowing the focus to papermaking. 1985-The "Big A" hydropower project is abandoned. Great Northern Nekoosa spends \$200 million rebuilding paper machines in East Millinocket. 1986-A major restructuring results in the loss of 2,000 jobs at GNP. 1989-1990-Georgia-Pacific Corporation launches a hostile takeover of Great Northern Nekoosa. The \$3.75 billion deal is completed in February 1990. 1992-Bowater Corporation of South Carolina purchases the original GNP mills, timberlands and other Maine assets from Georgia-Pacific for \$300 million on January 1, 1992. 9/10/93-Bowater, Inc. builds a new recycling plant in East Millinocket. 1997-GNP's chemi-groundwood plant in East Millinocket is torn down. 1998-Bowater sells nearly 1 million acres of GNP timberland and Pinkham Lumber in Ashland to J.D. Irving for \$220 million; an additional 665,000 acres are sold to an Alabama investment company for \$156 million. They announce that the Millinocket mill is for sale, but that they will keep and expand the East Millinocket mill with a TMP plant. 1999-Bowater sells both the East Millinocket and Millinocket mills to Inexcon, Inc. of Quebec, headed by Lambert Bedard, for \$250 million on 8/17/1999. 2000-GNP is planning to invest more than \$100 million to rebuild No. 11 paper machine in Millinocket for coated/uncoated specialty papers and to have Mineral Technologies, Inc. build a plant to produce precipitated calcium carbonate, a component in specialty papers. Also, Duke Energy is modernizing the hydroelectric system. 11/1/2000-100th anniversary of Garret Schenck, Sr. officially starting up the Millinocket mill. 2002-GNP sells 41,000 acres of timberland to The Nature Conservancy and places an additional 200,000 acres under conservation easement in exchange for a \$50 million contribution to company debts. Inexcon, Inc. sells GNP's hydroelectric system to Brascan Corporation for \$156.5 million; its new name is Great Northern Energy, LLC. However, on 8/13/2002, it changed its name to Great Lakes Hydro America. 2003-Great Northern Paper filed for Chapter 11 bankruptcy on January 9, 2003. The area is grateful to Mr. James Giffune, a former employee of GNP, for assuming the position of CEO of bankrupt GNP. The value of the work that he and his team did cannot be measured. In April 2003, GNP's two mills were bought out of bankruptcy by Brascan Corporation. In June, the East Millinocket mill began operations under the name of Katahdin Paper Company. 2004-Katahdin Paper, Inc. has No. 11, the newly installed paper machine in Millinocket, on line, producing in excess of 350 tons of RotoNews grade paper per day as of 5/16/2004. 6/9/2005-Brascan Power New England is the new name of Great Lakes Hydro America which includes

the former Great Northern Paper Company's hydroelectric system. In July 2006, a judge ordered that Lambert Bedard, former GNP owner, would be held liable for approximately \$25 million in severance payments to the nearly 1100 employees who lost their jobs after the company filed for Chapter 11 bankruptcy. In August 2006, Fraser Papers that operates the Katahdin Paper Company's mills in East Millinocket and Millinocket on behalf of the mills' owner Brascan, now known as Brookfield Asset Management, is looking into buying the facilities outright, according to Serge Sorokin, mill manager of Katahdin Paper Company.

## HISTORY OF THE FIRST CONGREGATIONAL CHURCH

By Ella MacKenzie

The earliest records of the First Congregational Church tell us that in 1906, about two weeks after the Great Northern Paper Company broke ground for its new paper mill in East Millinocket, the Rev. William Mann of the Maine Missionary Society came and held the first Protestant service by the roadside near the old Bangor & Aroostook Railroad station. Shortly afterward, the Rev. James Gregory, pastor of the First Congregational Church in Millinocket, came to hold open-air services until fall. Later services were held in the Granite Hotel, the Company's boarding house, Ferland's Hall and Weymouth's (shack) Grocery Store. In November of 1907, Rev. Gregory was persuaded to resign his pastorate in Millinocket and take pastorate in East Millinocket where his first duty was to build a church. In order that the business of the church construction could be legally transacted, the church was incorporated September 13, 1907 as the First Congregational Church of East Millinocket. Although the church was completed on November 15, 1908, the dedication services were not held until March 3, 1909. In 1955, the interior of the church was destroyed by fire, forcing the congregation to use the High School Auditorium (now the Opal Myrick Auditorium) while the church was being rebuilt. Sometime during the writing of the history, mention of the many contributions of the women of the church needs to be made. They have served through their organizations. The Ladies' Aid was organized in 1908 before the church was erected. In 1945, the Ladies' Aid joined together with the Garden Club and the Homemakers to form the Women's Guild. The Women's Guild was the presiding group until 2000 when they were combined into only one group and renamed Women's Fellowship. Due to lack of classroom space for our Sunday school, an addition to the church was authorized at the annual meeting of January 21, 1959. In the summer of 1964, the front entrance of the church was changed from Church Street to Maple Street. This really changed the design of the church. In 1976, a church sign was erected on the outside of the building in loving memory of Dr. Rand Dunham who was a loyal member and organist for many years. In September 1981, Michael Lowry, son of Keith and Sylvia Lowry, became the first member of our church to study for the ministry. He graduated from the Bangor Theological Seminary and was ordained a minister of the United Church of Christ in 1984. He is currently serving as a pastor in Scarborough, Maine. We celebrated the 75th anniversary of our church March 4, 1984. In 2000, the interior of the church narthex was renovated which greatly improved the appearance and made entry into the church much more pleasing to anyone entering through our "Red Doors" (which designates the presence of the Holy Spirit). What's ahead for the future of our church? Who knows but it is certainly in God's hands and we go forth in faith and trust that things will work together in God's service.

"Oh make this church, dear Savior  
A lamp of Pleasant Gold  
To bear before the nations  
Thy true light as of old."

Dr. Raymond Calkins

#### HISTORY OF CALVARY TEMPLE ASSEMBLY OF GOD

A group of people interested in the establishing of an Assembly of God Church in this area gathered together in the fall of 1953 at the home of Mrs. Jessie Blanchard in Millinocket. Rev. David Flower of Augusta was the speaker at the first meeting. Rev. Flower recommended the people call Rev. John Thompson as a candidate for the first pastor. After prayerful consideration, Rev. Thompson was called to become the first pastor in July 1953. During the interim period, prior to Rev. Thompson's assuming the pastorate, Rev. Grady Fannin, district superintendent, conducted services in the dining hall of the municipal building in East Millinocket. Rev. Fannin recommended the Assembly try to obtain a hall where they could conduct regular services. The Assembly hired the Odd Fellows Hall in Millinocket, with ministers from the surrounding area ministering to the congregation until the arrival of Rev. Thompson. Among those were Billy and Margaret Washington, David, Charles and Hazel Crabtree all of Bangor.

Rev. Thompson ministered to the congregation for two years, first in the Odd Fellows Hall, later in the Bangor Hydro building across the street. In 1955, Rev. Thompson left to assume a ministry in Caribou. The next pastor was Rev. George Gregg of California who came in the fall of 1955. Under his ministry, the church continued to grow especially among the young people. The building where services were being held was up for sale so the Assembly endeavored to obtain land in Millinocket to erect their church. Land not being available in Millinocket, the Great Northern made lots in East Millinocket

available where a church could be built. At this time, Rev. Gregg, felt his work here being done, moved back to California. Rev. Stig Sundberg assumed the pastorate in 1957. His first effort was to complete the legal work and set up the financial structure and the records for the planned, new church. Work was then started on clearing the lots and to get ready to run the foundation. The men of the Assembly went into the woods to cut the logs, and Vern McLaughlin sawed them all into lumber and donated it for the building. There were very few men in the Assembly at the time so this became a dedicated task for them. They worked early and late so as to have the church basement ready before cold weather. The foundation was run on September 9, 1957 with the help of friends and neighbors and the Great Northern. The first service held in the church basement was the Christmas program in 1957. Gunnar Sundberg, father of the pastor, was hired to supervise the work from the beginning of the program. The erection of the building property was begun in the spring and continued through the rest of the year. The 1958 Christmas program was held in the new auditorium. In June of 1960, Rev. Sundberg resigned to go as an Assembly of God missionary to South America. Rev. Herbert Worrell, from Oregon, came to minister to the Assembly in 1960. Under his ministry, the pews were purchased and the carpet laid in the auditorium. Also the baptistery was completed, kitchen finished, and a second restroom installed. Rev. Worrell remained until October 1965. Rev. Clive Meidahl was called to be pastor in March 1966. He had previously been pastor of the church in Guilford. During his ministry, the parsonage was built. Rev. Meidahl remained until the fall of 1968 when he resigned to become minister of a church in Old Orchard. The next pastor was Rev. John Hammack of Pennsylvania who came to the church on October 29, 1968 and ministered until March 1971. During Rev. Hammack's pastorate, the Sunday school rooms were remodeled. Rev. Vinal Thomas of Houlton delivered his first sermon on May 10, 1971. During his pastorate, the Sunday school was enlarged, an addition was added to the sanctuary, complete with new pews and carpet. The entrance was changed to Orchard Street, and the exterior of both the church and the parsonage were re-covered. The church also sponsored a radio program on Sunday mornings at 8:00 A.M. over WMKR. Rev. Thomas ministered to the Assembly until 1983. Rev. Rennie Tichnor assumed pastorate in October 1983 and continued through 1991. During this time, there was a new addition started in the fall of 1985. The sanctuary was finished in September 1986, and the foyer completed in the spring of 1987. During the time of expansion, Rev. Mark Babin was assistant pastor. In 1988, Brother Norman Cook introduced his vision of a "Mountain Movers" campaign to pay down the mortgage. This campaign required sacrificial giving from the congregation, with donations to be applied directly to the loan principal. From 1991-1997, Rev. Harvey Hoffman ministered to the congregation. On July 9, 1995, the congregation celebrated a mortgage burning. This was made possible because of the united effort of the people of the Assembly through the "Mountain Movers" campaign. During part of Rev. Hoffman's ministry, Rev. Herschel Hafford was assistant pastor. Rev. Reginald Adams came to the Assembly in June 1997 from Patten and is faithfully serving the congregation at the present time. There were major renovations to the parsonage at this time including a new bathroom, new appliances and new oil tanks installed. In 1998, new office computers were purchased. In 1999, a storage building was purchased and the computers and sound system were up-graded. Carpeting in the foyer was replaced and tile was placed in the entryways. The vacant lot across the street was also up-graded to serve the congregation more adequately. In 2000, a generator was purchased and the fire alarm system was brought up-to-date. In 2001, a chair lift was added to give easier access to the fellowship hall for those who have problems using the stairs. In 2002, the attic was insulated, a new van was purchased and the whole roof was re-covered. In 2003 with the mill shut down, Calvary Temple opened Angel Hands Food Pantry with Jonathan Birt as organizer. In 2003-2004, Noel York donated a piece of land in Woodville, given for the purpose of building a Royal Ranger Lodge. The building named "Camp Ovah Comah" is mainly used and taken care of by the Royal Rangers, but is available to all the ministries. This

year there are plans to replace the furnace with a new, more efficient system. We give thanks to the Lord for all He has done! Glory be to the Lord our God!

## HISTORY OF FIRST BAPTIST CHURCH, EAST MILLINOCKET, ME

By Sandra Rhoda

In the fall of 1960, a group of Baptist people began meeting for prayer and Bible study in various homes of East Millinocket. Rev. Richard Viekman, who was teaching in public school in Millinocket, led those services.

November 17, 1961 marks the birth of the First Baptist Church of East Millinocket. The organizational meeting of the Baptist people was the culmination of a year's work and study to realize a Baptist church in the town. Prior to any meeting, there were letters written to those in authority and visits to those known Baptists residing in the area. When it was, evident there was a potential membership, the women, under the leadership of Mrs. Willard (Mary) Waterhouse, organized the Mary Setzekorn Women's Missionary Circle in October 1960, under the guidance of the Women's Missionary Society of the Millinocket Baptist Church. The group, now known as King's Daughters, has met regularly since that time.

A canvass of East Millinocket and Medway was made in January 1961 to determine the potential membership for a new church and results were most heartening. There had been constant prayer for Divine guidance with the faith that God did want a Baptist church in East Millinocket. On February 5, 1961, Rev. Viekman held the first Sunday school and Worship service in the Municipal Building of East Millinocket. Mrs. Ralph Emery of the Wypitlock Baptist Church conducted services during July and August in the absence of Rev. Viekman.

Rev. Charles R. Sims, Pastor Emeritus of the First Baptist Church of Freeport, Maine, held worship services here in the fall of 1966. His years of experience gave this new work untold advantage and he baptized nine new members. He and Rev. Donald Thompson of Millinocket Baptist Church, together with several members of the church, met with Rev. Craig and Dr. Bentley in Bangor on November 10th to discuss the organizing of this new American Baptist Church. One week later, the meeting to organize was held at the home of Mr. and Mrs. Willard Waterhouse, with Willard elected as moderator. Church officers were elected and committees appointed. The name for the new church was "The First Baptist Church of East Millinocket."

The Millinocket Baptist Church was most helpful and generous with worship and Sunday school supplies. Most of the charter members transferred membership from Millinocket, making it our Mother Church. The Baptist Church in Dexter helped with hymnbooks and folding chairs. Most of all, the new church expressed appreciation or prayers for its growth and words and letters of encouragement.

After Rev. Sims, Rev. Dick Viekman returned to fill our pulpit. In March, our first candidate, Rev. Duane Seaborn, came with his wife, Barbara. The church called them and they arrived in May. Just prior to their arrival, much work was done on the Landry house on Main Street to make it an attractive parsonage. Evening services were started soon after Rev. Seaborn arrived and were held in the Seaborns' home as were prayer meetings. Morning services continued at the Municipal Building. In May, the Freeport Baptist Church sent us a communion set which was dedicated and used the first Sunday in June.

On June 29, 1962, a groundbreaking ceremony for our church building took place at our site on Oak Street. The Great Northern Paper Company had given the land. In August, the foundation was poured and, in the fall, a pre-fab building was erected. The parts of the building came by truck and in two days the church building was standing. Both men and women worked laying floors and partitioning Sunday school rooms in the basement among other tasks needed to complete the interior. The kitchen was

equipped with dishes purchased with stamp books donated by members and friends. Our first service in the new building was December 1962. During the past year, 22 new members were accepted. Our building was officially dedicated to God in May 1963 and an organ was purchased that fall. The present organ is semi-retired since the gift of a new electronic piano. We bought pews from St. Peter's Church in 1966 though they have since been replaced with padded chairs.

We maintained a parsonage at 3 Union Street for a time but built the present parsonage beside the church, at 2 Middle Street, and it was dedicated in the fall of 1969.

#### HISTORY OF TRI-TOWN BAPTIST CHURCH

Submitted by Pastor Dave Chicoine

Prior to 1993, East Millinocket and the tri-town area did not have an independent, fundamental Baptist Church amongst its places of worship. In 1993, Missionary Church Planter C. Todd Bell had a burden for the northeast and came to the tri-town area with his wife, Amy, on a survey trip. After a short visit in East Millinocket, they both felt God's call on their lives to move their family and start an Independent Baptist Church that preached the gospel and showed those in the community the one and only way to heaven through salvation in Jesus Christ according to God's Word.

Deputation began for the Bells to raise the financial support they needed to live on the mission field.

On January 13, 1996, the first service of the Tri-Town Baptist Church was held in a residence on Western Avenue with 22 people in attendance. Services for the rest of that month took place on Birch and Maple Streets in East Millinocket. The congregation grew quickly and a store-front property was leased at 101

Main Street in East Millinocket. Services began at that location in February 1996 and on May 25, 1997 the church officially chartered with 14 charter members. The congregation continued to grow and a building fund grew large enough that in May 1999 Tri-Town Baptist Church purchased 3.18 acres of land at 8 Cone Street, East Millinocket, for the location of their new church home. On May 23, 1999, the dedication service took place and groundbreaking began right away on the property. With help from brothers and sisters in Christ from North Carolina, and from around the state of Maine, as well as many members of our community, the church building was erected in one week in an old fashioned "church raising" style effort. Tri-Town Baptist Church members continued to labor, and on November 21, 1999, the first Sunday service in the new building was held with 75 people in attendance. Many people sacrificially gave of their time and finances to see this church become a reality, and all the honor and praise is given to our Lord and Savior Jesus Christ for allowing us to own this property and building debt-free from the very beginning.

The Tri-Town Baptist Church continued to grow and Missionary Church Planter Pastor Todd Bell and his family realized that their work in East Millinocket was complete. They moved from East Millinocket in August 2002 and Pastor S. David Chicoine and his family were welcomed into the congregation as the new pastor of Tri-Town Baptist Church on September 1, 2002.

Tri-Town Baptist Church continues to grow and has many ministries that have been established over the past ten years for the glory of God. Some of these include:

Sunday School classes for all ages, Children's Church for ages 5-12, prayer meeting and Bible study, midweek Youth Program, Food Pantry, Television Ministry, Tri-Town Christian Academy for grades K-12, Women's Fellowship & Bible Study Group, Teen Group, Silver Saints Seniors Group and many more.

#### Centennial Poem

Happy Anniversary, East Millinocket,  
It's been one hundred years,  
Since Great Northern built a paper mill,  
By men with sweat and fears.  
Courageous people from far-off places  
Strenuous labor, they worked so hard,  
Transforming a deserted wilderness,  
Into a town with homes and yards.  
Churches, schools and businesses,  
Filled with young and old,  
Streets and sidewalks all around,  
Part of the story to be told.  
We sing of wars and tragedies,  
Of celebrations and tournaments won,  
Of high school graduations,  
Of achievements of your sons.  
Yet many things will not be known,  
Of births and deaths and pain,  
Sorrows, griefs and suffering,  
Time and time again.  
Unemployment, a strike, a hostile takeover,  
Sellouts, bankruptcy, and broken contracts too,

Add religious faith and community spirit,  
They have all been known to you.  
We survived the Great Depression,  
The two World Wars are done,  
How sad to watch Great Northern fall,  
Katahdin Paper, our hope for the best to come.

Let us pray:

God almighty, heavenly Father,  
East Millinocket needs your love,  
Help us to live decent lives,  
Protect us from above,

Amen.

So, Happy Anniversary,  
East Millinocket,  
Thanks for those one hundred years,  
We are grateful for all the happiness,  
We earned with sweat and tears.
